ST. IGNATIUS COLLEGE,

Van Ness Avenue, Between Hayes and Grove.

SAN FRANCISCO, CAL.

THIS Institution, conducted by the Fathers of the Society of Jesus, was opened for the reception of students on the 15th of October, 1855. On the 30th of April, 1859, it was incorporated and empowered to confer degrees and academical honors in all the learned professions, and to exercise all the rights and privileges common to any other literary institution in the United States. The design of this Institution is to give a thorough

ENGLISH, CLASSICAL, MATHEMATICAL and PHILOSOPHICAL EDUCATION.

IT IS INTENDED FOR DAY SCHOLARS ONLY.

The Course of Studies embraces the Doctrine and Evidences of the Catholic Religion; the Greek, Latin and English Languages, Poetry, Rhetoric, Elocution, History, Geography, Arithmetic, Bookkeeping, Mathematics, Chemistry, Mental, Moral and Natural Philosophy.

Besides the Classical, there is a Preparatory and Elementary Department for the younger students. Its object is to qualify the pupil for the higher studies.

This Institution, provided with a full staff of Professors, presents the highest advantages for the mental and moral training of the students.

Besides the required Reception Rooms and Offices, several Libraries and Debating Halls, distinct playgrounds with covered walks and porticos for the larger and smaller students, the buildings contain a full complement of very capacious school rooms, well lighted and ventilated, and furnished with the most approved modern conveniences. There is also a large Chapel for Religious Exercises, and a College Hall with spacious platform and stage suitably furnished and arranged for Scholastic Exhibitions, Dramatic Representations, Lectures and other public exercises.

The Scientific Department contains lecture rooms for Physics and Chemistry, a Chemical Laboratory and an Extensive Cabinet of Physics, rooms for qualitative and quantitative analysis, engine rooms with magneto-electric machines, battery rooms, complete telegraphic stations, rooms for preparations, balances, spectroscopic studies and other scientific experiments and investigations, Museum of Mineralogy, Geology and choice collections of natural objects and curiosities of different kinds, and it is furnished with a very large and choice collection of Philosophical and Chemical Apparatus ordered from the best constructors of Europe and America, and with all that is necessary for lecture demonstrations and experiments, for private study, and the most complete and delicate chemical analysis and manipulations.

By frequent additions of whatever can be supplied by the best modern inventions, both at home and abroad, this Department has attained a very high degree of completeness and efficiency well calculated to afford to advance students a most valuable opportunity of acquiring a thorough scientific training and education.

STUDENTS ARE RECEIVED AT ANY TIME DURING THE SEASON
FROM JULY TO MAY.

The Institution is Open to the Public, and Visitors and Always Welcome.

For Further Information Apply to the President.

THE "MACKAY GOLD MEDALS"

TELEGRAPHIC TOURNAMENT

Typewriter Receiving Speed Contest,

NEW YORK, MARCH 25, 1893.

OPEN TO THE WORLD.

THE "MACKAY GOLD MEDALS," value \$150 and \$100, first and second prizes, won by two operators, B. S. DURKEE of Portland, Or. and J. H. JONES, of San Francisco, both using the "Caligraph," both from this coast each taking 97 messages direct from the wires in 60 minutes; record of accuracy over 96 per cent; other machines contested but evidently could not compete with the "standard American typewriter, the Caligraph," which "still stands at the head." Catalogue, instruction and information free; rented for trial; sold on easy monthly payments.

THE BEST CONTRACT EVER OFFERED.

Solicitors, Male and Female, Desired in City and Country.

JAS. MUNSELL, JR., Manager,**415 Montgomery St., San Francisco.**

The Mutual Benefit Life Insurance Co.

OF NEWARK, N. J.

In a mutual life insurance company, every dollar saved in expenses is a dollar added to dividends, and a dollar saved in the actual cost of insurance. By reference to the following pages it will be seen that The Mutual Benefit is conspicuous for its economical management and for the magnitude of its dividends. The past record of the Company, taken together with the unequalled liberality of its policy contract and its unsurpassed reputation for fair dealing with its members, prove that the Mutual Benefit furnishes the best insurance at the lowest cost price. The policies of The Mutual Benefit are liberal in every regard; there is no limit of travel, residence or occupation, after two years. After the same period the policy is absolutely incontestable, except for non-payment of premium. It, in fact, does precisely what it claims to do—insures a man's life without quibble or chance for it. Of equal, if not still greater importance is the question of surrender value, or how a man will be treated by a company when he surrenders his policy or ceases payment on it. The Mutual Benefit gives to such a man the full value of his policy computed by the highest standard, either by extending the full amount of the policy for such time as the value will pay for, or to the purchase of a paid-up policy. It is the only company which does this.

The Mutual Benefit Life Insurance Company is also extremely liberal in the payment of cash values to those who desire to discontinue their insurance, and loans in cash upon its policies up to 50 per cent of their value where valid assignments of the policies can be made as collateral security. In economy of management, in largeness of dividends, in the liberality of policy, in absolute non-forfeiture and in fair dealing with members, it is excelled by no company, and furnishes all that can be furnished by any Life Insurance Company.

The Most Liberal Advantages Secured by Contract in Policy.

All kinds of Approved Policies issued on the Life, Endowment, Accelerative Endowment, Modified Endowment, and Optional Endowment Plans, on lives between the ages of 14 and 70 years, for any amount from \$500 to \$25,000. Also Annuities, Present and Deferred. Dividends Declared Annually to Policyholders. Cash loans made to the extent of one-half the Value of Policy. Claims paid immediately on completion and approval of proofs. No entrance fee. No fee for Medical Examination.

For Estimates, Specimen Tables, etc., send your name, address, age, kind of policy and amount desired, and a statement will be mailed, showing the cost and advantages of the same.

See Specimen Policy and Premium Rates on following pages.

The Mutual Benefit Life Insurance Company is particularly noted for four things of the very greatest importance to insurers.

1. It has been, and is the most economically managed Company.
2. It has paid, and does pay the largest average dividends.
3. It has furnished, and still does furnish the cheapest insurance.
4. It has held its membership better than any other Company.

1. ECONOMY.

2. DIVIDENDS.

LIFE POLICY—AGE 40, \$10,000, PREMIUM \$308.40.

The Mutual Benefit Life Insurance Co. of Newark, N. J.

NON-FORFEITURE PROVISIONS.

WHEN AFTER TWO FULL ANNUAL PREMIUMS shall have been paid on this policy it shall cease or become void solely by the non-payment of any premium when due, its entire net reserve, by the American Experience Mortality and interest at four per cent yearly, less any indebtedness to the Company on this policy, shall be applied by the Company as a Single Premium at the Company's rates published and in force at this date, either, **first**, to the purchase of non-participating term insurance for the full amount insured by this policy, or, **second**, upon the written application by the owner of this Policy and the surrender thereof to the Company at Newark within three months from such non-payment of Premium, to the purchase of a non-participating Paid-up Policy, payable at the time this Policy would be payable if continued in force. Both kinds of insurance foresaid will be subject to the same conditions, except as to payment of Premiums, as those of this Policy. No part, however, of such term insurance shall be due or payable unless satisfactory proofs of death be furnished to the Company within one year after death; and if death shall occur within three years after such non-payment of premium, and during such term of insurance, there shall be deducted from the amount payable the sum of all the Premiums that would have become due on this Policy if it had continued in force.

THE FOLLOWING TABLE

shows the amount that the Company agrees to loan (being one-half of the reserve) upon a satisfactory assignment of the Policy as collateral security; also the additional time for which the insurance will be continued in full force after lapse by non-payment of premium; or the value of the Policy in Paid-up Insurance upon surrender within three months from date of lapse.

The figures given are based upon the assumption that the premiums (less current dividends) have been fully paid in cash. If there be any indebtedness upon the policy, the values as stated in the table would have to be reduced proportionally upon the principles stated in the Policy. The indebtedness, if any, may be paid in cash, in which case the figures in the table will apply.

No part, however, of such term insurance shall be due payable unless satisfactory proofs of death be furnished to the Company within one year after death; and death shall occur within three years after such non-payment of Premium, and during such term of insurance there shall be deducted from the amount payable the sum of all the Premiums that would have become due this Policy if it had continued in force. If the reserve be more than enough to purchase temporary insurance aforesaid to the end of the endowment term, the excess shall be applied to the purchase of pure endowment insurance, payable at the end of the term if the Insured be then living.

After two full years' Premiums shall have been paid, the Company will, on surrender of this Policy fully receipted while in force or within three months from time of lapse, allow as a Cash Surrender Value for the sum a sum not less than the full reserve value of the Policy, exclusive of Dividend Additions, computed by the above-named standard, deducting therefrom any indebtedness to the Company on this Policy; AND, at the end of the TENTH policy year, or at the end of any succeeding FIVE year period, if the Policy be then in force, and if it be surrendered fully receipted within thirty days from such times the Company will increase the Guaranteed Cash Surrender Value by the ENTIRE reserve value of all existing Dividend Additions.

THE FOLLOWING TABLE

Shows the minimum values of the Policy under the several options granted by the Company:

1st Option.—Cash Surrender Value.

2d Option.—Amount that may be borrowed from the Company on the Policy.

3d Option.—Extended Insurance for full amount of Policy, and Cash Endowment (if any) payable at end of Policy term.

4th Option.—Paid-up Policy Value.

THE MUTUAL BENEFIT LIFE INSURANCE CO.

OF NEWARK, N. J.

DON'T!

If any Company asks you to agree to forego dividends for many years and to forfeit all right to them in case of death or lapse—**DON'T!**

If any Company asks you to take a policy which appears to offer a big investment if you live, and to charge you nothing for your insurance in the meantime—**DON'T!** You may rely upon it that the Company don't intend to use money on its contracts, and if the policy seems to be worth more than its cost, it is only because you don't understand it as well as the Company does.

DON'T attach too much importance to ESTIMATES! It is easy to make big estimates when they cannot be checked off by actual results for twenty years to come.

COMPARISON of a 20 PREMIUM 20 YEAR DISTRIBUTION LIFE Policy in the MUTUAL LIFE Insurance Company of New York, with a 20 PREMIUM LIFE (CONVERTIBLE) Policy in the MUTUAL BENEFIT. Age of Insured, 32 years. It is assumed that the Mutual Benefit's Dividends will be on the same scale as those now being paid.

In case of death or lapse within 20 years, the Mutual Benefit Policy is far more profitable. The Mutual Life Policy may be worth more if it is in force at the end of the 20 years; but then again it may not. The advantages of the Mutual Benefit Policy are immediate and certain; those of the Mutual Life Policy are remote and uncertain. With the Mutual Life Policy the Insured will know nothing about his dividends till the 20 years have passed. The Mutual Benefit Policy is a legitimate investment. The Mutual Life Policy is a speculation, which bristles with opportunities for loss to the Insured. It provides neither for loans to prevent lapses, nor for extended insurance in case of lapse.

*Two Years' Dividends.

On the foregoing pages will be found explanations and illustrations of the various forms of policies issued by the Mutual Benefit. It should be borne in mind that the Mutual Benefit's policies are all STRICTLY NON-FORFEITABLE, both as to the policies themselves, and as to dividends, which in the Mutual Benefit are always declared ANNUALLY, so long as the policy continues in force.

Long deferred dividends conduce to extravagant management, and impose a great loss on the average membership.

Deferred Dividends are a great help to companies which cannot pay good average dividends, and seek to conceal the fact by paying no dividends for many years and CONFISCATING the dividends of all who drop out of the company in the meantime. **See inside page of front cover.**

SPECIAL AND PECULIAR ADVANTAGES

—OF A—

MUTUAL BENEFIT POLICY

Which are Not Combined in the Policies of any Other Company.

Large Dividends which are declared and paid **ANNUALLY** at the end of the first and each succeeding year, so that there are no withheld Dividends to be forfeited in case of death or lapse of the Policy.

Equitable Surrender Values, which are indorsed on the Policy, so that the Insured can stop paying Premiums without any loss by forfeitures.

The Insured may stop Premium payments, and take his choice of Extended Insurance in the full amount of the Policy for as long a period as the value of the policy will pay for **at low term rates**, or of a Paid-up Policy for a reduced amount payable **whenever** death occurs.

The Insured may borrow money (from the Company) on the Policy as per statement indorsed thereon, and thus prevent the lapse of the Policy if he happens to be short of funds, or he may secure a **cash loan** to meet any sudden emergency.

If the Insured forgets to pay a premium on the day it is due, his insurance is continued in force by the Company **without action on his part**. If he remembers well, he has ample time to pay up his arrears; while if he is sick, he is protected by his Extended Insurance.

Example of Lapsed Policies Paid in Full.

POLICY No. 46,639, on the life of Mr. Myron Shew, of San Francisco, Cal., was issued in 1867, for \$3,000.

Mr. Shew died in December, 1890, more than seven years after the lapse of the policy, which, however, was promptly paid in full—\$3,000—by the Company.

The above rule applies to all policies,

Giving, at Age 35, on the Annual Life Plan.

OVER 4	YEARS' INSURANCE FOR	2	YEARS' PREMIUMS;
OVER 10	YEARS' INSURANCE FOR	5	YEARS' PREMIUMS;
OVER 20	YEARS' INSURANCE FOR	10	YEARS' PREMIUMS.

On other Plans the Value and Extension are very much greater.

(See page 1520 herein.)

46 LAPSED POLICIES, insuring \$111,076, were PAID IN FULL by the Company in 1892, under its NON-FORFEITURE and EXTENSION SYSTEM.

Policies are Absolutely Non-Forfeitable after Second Year.

Why run the risk of forfeiture? or why trust to the uncertainties of the assessment plan, when you can get **ABSOLUTELY NON-FORFEITABLE INSURANCE** at the **LOWEST NET COST** in **The Mutual Benefit Life Insurance Company** of Newark, New Jersey.

I do all work formerly done at College at these prices: **Fill. 50c.; Extracting. 25c.; Plates and Casts, \$1. at Room 5, No. 6 O'Farrell Street.** I guarantee all my work. I will not be responsible for death or damage to patients who visit the College. Tell your friends not to go to my Dental College, but come to 6 O'Farrell Street. COLLEGE OF NOTRE DAME

—OF—

SAN FRANCISCO, CAL.

A Young Ladies' Boarding and Select Day School

—COMPRISING—

Collegiate and Elementary Departments.

Conducted by the SISTERS OF NOTRE DAME.

Chartered 1876.

This institution, situated on Dolores, between Sixteenth and Seventeenth streets, and nearly opposite the historic "Old Mission Church," is remarkable for the beauty and healthfulness of its location.

Besides being easy of access by the street cars the College sends out daily two commodious private coaches for the accommodation of those pupils who prefer this mode of travel as being more secure than that attainable by the public conveyances.

The playgrounds are handsomely laid out and afford ample space for healthful exercise and amusement. The dormitories, class-rooms, study hall, etc., are sunny and well ventilated. The course of instruction is similar to that pursued everywhere by the Sisters of Notre Dame de Namur, whose natural though very successful methods of imparting an education, at the same time solid and refined, are well known both in Europe and America.

GOOD REFERENCES ARE REQUIRED.
